Parts List :

CAUTION:
1. Don't use STEEL-hammer when assembling.
2. Note the short anti spill lip on shelves to be set on the front side.
3. Warning! When installing shelves onto tubes, DON'T OVER HIT THE SHELVES OR APPLY TO MUCH FORCE IN THE HAMMERING PROCESS.

IMPORTANT INDICATION:
When assembling the handle to the top shelf, insert the 2 plastic sleeves into the handle and attach the top shelf to the handle and then insert the 2 screws from the underside of shelf and tighten screws firmly.

Once you have secured handle to the top shelf, you then place the top shelf onto the top 4 aluminum tubes, sitting on top of the second shelf and hammer down, until firmly in place.
